A hand-drawn diagram of a triangle. A red line segment, labeled "S/EDR", extends from one vertex to the opposite side. The diagram is part of a larger set of notes on a grid background.

[illegible][illegible]

A hand-drawn sketch of a building layout. It shows a rectangular building with a smaller rectangular extension on the right side. Dimensions are given in feet: the main building is 66'0" wide and 95'1" deep; the extension is 36'0" wide and 18'6" deep. Angles are marked: 101°17' at the top-left corner of the main building, 26°6' at the bottom-left corner of the extension, and 108°56' at the bottom-right corner of the extension. A dashed line connects the top-left corner of the main building to the bottom-right corner of the extension. A small circle is drawn at the bottom-right corner of the extension, with a dimension of 18'6" from the bottom-left corner of the extension to its center. The sketch is drawn on a grid background.

A hand-drawn diagram of a building layout. It features several rooms and corridors. One room is labeled 'b2' and another 'b1'. There are handwritten notes such as '05:55' and '05:00' near certain points. The diagram includes various lines, arrows, and small circles, possibly representing doors or specific locations. The drawing is done in black ink on a white background.

A hand-drawn sketch of a building layout. The sketch shows a rectangular building with a smaller rectangular extension on the left side. Dimensions are given in feet: the main building is 50' wide and 100' deep, and the extension is 20' wide and 10' deep. A red line indicates a path or boundary. Labels include '50' 500', '100' 1000', '20' 200', and '10' 100'. There are also some handwritten notes like '50' 500' and '100' 1000'.

A hand-drawn map of a road intersection. The map shows a horizontal road intersecting a diagonal road. The intersection is marked with a circle. The horizontal road has a bearing of  $90^\circ 00'$  and a distance of  $100$  ft. The diagonal road has a bearing of  $100^\circ 00'$  and a distance of  $100$  ft. The intersection is labeled with  $90^\circ 00'$  and  $100$  ft. The map also shows a building and a road labeled  $100$  ft. The map is drawn on a grid of lines.

ZSE

A hand-drawn sketch of a road layout. It shows a main road on the left with a side road branching off to the right. The side road has a junction with a road labeled 'K'. Further along the side road, there is a junction with a road labeled '1551'. The label 'BP' is written near the junction of the main road and the side road.
