

This topographic map depicts the Wyszonki region in Poland. A prominent blue line traces a proposed route, likely for a new road or railway, starting from the upper right and extending towards the center. The map features contour lines indicating elevation, with numerous numerical values (e.g., 120.5, 135.0, 140.3). Key settlements labeled include Wyszonki, Wypychy, Kolonia Wyliny-Ruś, and others. A brown line represents an existing infrastructure route. The map also shows various geographical features like fields and small water bodies.
